NURJULIANA ROMEO

SUMMARY OF QUALIFICATIONS

- Manage to upgrade C++ programming by implementing Codeblock and Matlab software.
- Able to use CST Microwave Studio Software to simulate the pyramidal microwave absorber.
- Able to design horn antenna and patch antenna using CST Suite Software.
- Able to design low noise microwave amplifier by using Agilent Genesys 2012.
- Successfully transferred theoretical knowledge during studies.

EDUCATION

2004-2008

[3A 4B 2C 1D]

Sekolah Menengah
Kebangsaan Lembah
Keramat

Sijil Pelajaran
Malaysia

2009 – 2013

• [CGPA: 2.61]

• Universiti Teknologi
MARU (UiTM),
Permatang Pauh
Diploma In
Electrical
Engineering
(Electronic)

2013 – 2016

[CGPA: 3.30]

Universiti Teknologi
MARU (UiTM), Shah
Alam

Bachelor Of
Engineering (Hons.)
Electrical Electronic

SPECIAL PROJECTS

- Final year project (degree in electrical engineering 2015) – Performance of bit error rate between space time block code and space frequency block code
- Final year project (diploma in electrical engineering 2011) – designed microwave absorber to absorb microwave energy by using low cost material.

WORKING EXPERIENCE

1. **CELCOM NETWORKS SDN BHD**, Petaling Jaya, Selangor
 - Skim Latihan 1 Malaysia (SL1M) trainee: July 2016-PRESENT
 - Trainee of Microwave Transmission Planning team (TCP/IP)
 - Perform Circuit Advice for CA/IP data fill issuance: Identify routing/port decision (end-to-end route: port assignment microwave)
 - Handling the transmission equipment procurement: Budget request for equipment and service by using SAP software
2. **SAPURA SECURED TECHNOLOGIES**, Wangsa Maju, Kuala Lumpur
 - Internship – January 2015-March 2015
 - Modified military's data by using Visual Studio Software in C++ programming language
3. **COURTS MALAYSIA, UKAY BOULEVARD**, Kuala Lumpur
 - Cashier - November 2012-February 2013
 - Take payment from the customer (installment/cash)

EXTRA CURRICULAR ACTIVITIES

- Attended Excel 2013 Essential Skills 2013 (Dec 2016)
- Attended Microsoft PowerPoint 2013(Fundamental & Intermediate) (Dec 2016)
- Attended Certificate Programme for Safety and Health Officer (2016)
- Participated in Penang Open Robotics Competition 2014

CAREER OBJECTIVES

- To obtain position as an electrical engineer in communication or related fields suited with my qualifications, allowing me to apply my knowledge while gaining valuable work experience in a team oriented environment.

SKILLS

WORK

Microsoft Office
CST Microwave
Genesys 2012
SAP software
Matlab software
LT Spice
C++

LANGUAGE

Bahasa Malaysia
English
Mandarin
