Personal summury

As a fresh Electrical & Electronic engineering graduate, I wish to apply the knowledge gained during my studies into the field of work. A motivated individual whose capable of working in a teamwork or individually. During my studies, several projects for the college were done which developed my abilities to use multiple software in electrical as well as electronic field. Moreover, I'm keen to learning anything new that would develop and add something to my career in future as I wish to gain as much knowledge as possible to achieve a personal dream project.
