To Whom It May Concern

Dear Sir/Madam,

Support Letter for Multimedia University Engineering students applying for Industrial Training

Multimedia University has three campuses, namely MMU Cyberjaya which is located at the heart of Multimedia Super Corridor (MSC) in Cyberjaya, MMU Melaka which is located strategically in the vicinity of booming industrial sites in Ayer Keroh, Melaka, and MMU Nusajaya which is located in Iskandar Malaysia, Johor Bahru.

As part of the integrated curriculum of our **Engineering** degree programmes, MMU **Engineering** students are required to undergo Industrial Training Programme (ITP) in various organisations in the industry. The purposes of ITP are: (a) to lessen the on-the-job training of these students when they graduate; and (b) to instil in them the right working attitudes and professionalism. Students' performance during ITP will be assessed and considered as partial fulfilment for their Bachelor of **Engineering** degree programmes in MMU.

The following MMU Engineering student wishes to apply to your organisation to undergo ITP:

Student name : **Ahmad Khairi Bin Ahmad Khir**

Student ID : **1121118150**

Student majoring : **B.Eng. (Hons) Electronics Majoring in Nanotechnology**

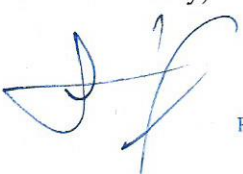

Industrial Training duration : **27 March 2017 - 18 June 2017 (12 weeks)**

Kindly give the student your most favourable consideration and I hope that your organisation will find the student helpful in your organisation.

Should you have further enquiries, please do not hesitate to contact the undersigned.

Thank you.

Yours sincerely,

LIM SIN LIANG
Senior Lecturer
Faculty of Engineering
Multimedia University
Persiaran Multimedia, 63100 Cyberjaya
Selangor Darul Ehsan, Malaysia

Chairperson
Industrial Training Committee

[Important Note: If the student's application is successful, the organisation is advised to obtain a confirmation of acceptance from the student.]
