EXPERIENCE

Final Year Project (FYP)

Diploma Engineering Technology In Medical Electronics

Programmable Robotics-Group Project

Result : B

Bachelor Engineering Technology (HONS) In Electrical

Development Of Software Engineering For Agriculture Automation System-Individual Project

Result : A

Industry Training For Diploma (Internship) – RADIBEM SDN BHD at Hospital Kuala Lumpur (2011)

By attend this INTRA, I have gain a lot of experience especially in working live. The environment is totally different between during the study and working live. My work is complete with range of Biomedical Engineering Maintenance services consist of scope of work with “ cradle to grave” concept, Planning and Implementation, Operation & Administration and Technology Procurement Advisory Services. Lastly, I will do my work similar with other biomedical engineer in this company.

Industry Training For Bachelor (Internship) – OCK SETIA ENGINEERING SND BHD at Sub Company, ALL STAR ENGINEERING SDN BHD (2015)

My work in this company as operation supporter to support my engineer coordinator to manage DIGI project to install 4G LTE. I have involved in this project group to making technical report and site survey report. At the same time, I also go to site to watch list project . The site need permission from client and site owner. Then we install RF antenna to expose the coverage to the customer. Next of my project is installation for U Mobile 4G LTE.

MOSEB ENGINEERING SDN BHD – Process Control and Instrument Installation (4 months)

Position : Sales Coordinator cum Application Engineer

Engineer Supporter in project : Installing Moseb Flocounter at Sunway Lagoon, calibrate gas flow at First Solar (Kulim) and water flow at Penfabric SdnBhd (Bukit Mertajam), Installing kent water Flocounter at Fortune Laboratory (Shah Alam) , Installing control panel at Kulai, Johor.

ANIH BERHAD – The operations of Toll Concession (Current)

Position : Mechanical &Electrical Engineer (Apprentice Programme)

Task : Monitoring PROPEL BERHAD to maintenance KLS Expressway and Salak Expressway, Monitoring AME SDN BHD to maintenance KL-Karak Expressway and East-Coast Expressway , checking report monthly maintenance, checking claimination contractor, Involving meeting with LLM to solving problem maintainance at highway, involve discussion and solution to make the best decision for maintenance highway. Identify the problem related with mechanical and electrical at site.

EXPECTED SALARY

- **RM 2,500 (Negotiable)**
