CO-CURRICULAR ACHIEVEMENT

1) 2nd Place Handball in Sukan Mahasiswa Universiti Malaya 2012:

Played as a forward player when I was first year student. I tried my best for the team by scoring 3 goals in group stage. A team consist of 7 players per side including goalkeeper. The manager managed our team went to final by his strategy and tactical with supported by the whole team member full commitment.

2) Committee Member in Facilitator Club of Ungku Aziz Residential College on 2013/2014:

I started to join this Facilitator Club since I was second year. The reason was to increase my confident level and soft skills. Beside that, this club was more on motivation to secondary and primary students. I as a member of this club need to encourage and guide them in academic, curricular and personality by show to them a good attitude and be a good role model.

3) Committee Member of Logistic in Mount Liang Expedition Challenge 2014:

This expedition was held on 14-16 March 2014 and located at Mount Liang, Tanjung Malim Perak. The height is 6343 feet (1933 meters). I as Committee of Logistic with others member need to prepare all required equipment for this expedition and also bus rental for 40 participants including the Committee Members. I am the leader of Logistic already dividing the tasks and give 100% commitment on this responsible.

- Repairing home and Electric Appliances.

LANGUAGES

- Malay (Spoken/ Written/ Read)
- English (Spoken/ Written/ Read)

WORK EXPERIENCES

- 2011- Petronas Petrol station, klia1. Position: cashier.
I worked this part time job for two month as a cashier. It was a great experience to gain my confident level towards human diversity. It started after a week I finish my Matriculation Programme. Since I work there, I faced variety of human behaviour especially came from the customer. I took three days to understand and proficiently use the cash machine. I learned a lot of things to deal with customer demands and employer. It made myself easy to adapt, no matter where I am.
- 2012- Petronas Petrol station, klia1. Position: cashier.
It came about two month of the semester break and as usual I like to fill it with doing some part time job. The company once again gave me an opportunity to work as a cashier for 2 month and they paid me depending on the number of days I work. I have a good relationship with the customers and employer over there.
