**Identification** : 940510-10-6068

**Age** : 23 (10th May 1994)

**Nationality** : Malaysian (Malay)

**Marital Status** : Single

**Availability** : August 2017

**Expected Salary** : RM2300

## WORKING EXPERIENCES

**Intern Trainee (Department of Testing Services - Electrical & Electronic 1 Section), June 2016 – Sept 2016, Sirim QAS International Sdn Bhd, Shah Alam, Selangor**

- Experience in testing electrical product such as socket-outlets, switches, plug and circuit breaker based on the Malaysian Standards and have been introduced to other countries Standards such as British Standards and Singapore Standards.
- Learn to do a basic calculation for a calibrated instruments that have been send for calibration and involved in Internal Quality Audit (IQA).
- Learn on how to do a test report whether it is for partial test report or full test report. The usage of Microsoft Excel is more when to handle the incoming samples for testing.

## EDUCATIONS

**Degree in Engineering (Electrical), 2013-2017, Universiti Teknologi Malaysia (UTM), Johor.**

Among subjects taken:

- Photovoltaic and Wind Energy System
- Electrical Machine
- Power System Analysis
- Industrial Instrumentations and Applications
- High Voltage Testing & Calibration
- C programming

**Foundation Certificate, 2012-2013, Universiti Teknologi MARA (UiTM), Puncak Alam, Selangor**

- Engineering Stream
- Achieved CGPA : 3.67

**Sijil Pelajaran Malaysia, 2010-2011, Sekolah Menengah Teknik Kuala Lumpur (SMTKL), Cheras**

- Science Technical Stream
- Achieved result : 4A+ 4A- 1B+ 1B

## TRAINING
