To Whom It May Concern

May 2016

Dear Sir/Madam,

**Application for Engineer position.**

I would like to apply for a position in your company that suitable with my qualification of Bachelor of Microeletronic Engineering. I am currently final year degree student of University Kebangsaan Malaysia (UKM) with present **CGPA of 2.63** (8th Semester). I will finish my degree on end of July 2016 and will officially graduate on October 2016. Before had a degree, i through the matriculation program with **CGPA 3.71**.

My final year project is purpose to **Retinal Vascular Tortousity in Diabetic Retinopathy**. The main objectives of my project is to see the relationship between tortuosity in vascular retina to the diabetic retinopathy based on formula suitable used. In addition, I have gone through three-months of industrial training in **SONY EMCS Bangi** for my intern degree.

I believe my knowledge and technical know-how in the field of engineering will help me contribute a great deal to the company. Above all, I possess the interest and determination to perform well in the position you are offering and I am much appreciate if you give me a change to improve and start my career with your leading company.

Kind Regards,

Akmal Faisal Bin Mohamad
