

MOHAMAD ARIFF BIN ABD AZIZ

No. 51 Kampung Jerantut Feri, 27150 Jerantut Pahang | 01120628499 | ariffaziz95@yahoo.com

Objective

To ensure and develop my skills and knowledge of the engineering course in this company. Be able to gained an experience and able to do the practical works in this job.

Education

UPSR | 2007 | SK JALAN 4, BANDAR BARU BANGI

- I moved to Bandar Baru Bangi, Selangor in the late month of December 2006. It was my second secondary school. I was an innocent person which not really fit in this school for about 2 - 4 weeks. And day by day, I feel comfortable. (RESULT – 4A 1B)

PMR | 2010 | SMK JALAN 4, BANDAR BARU BANGI

- I stay in Bandar Baru Bangi for almost 4 years. It was my hectic day during the preparations towards my PMR day. Many things happened and by bless from Allah, I get the result that I don't imagined ever. (RESULT – 8A)

SPM | 2012 | SMK PADANG SAUJANA, JERANTUT

- After PMR, I moved to Jerantut, Pahang and taking the SPM in my new second secondary middle school. It's almost like a new environment for me and I struggle really hard due some circumstances but I survive it, Alhamdulillah. (RESULT – 5A 4B)

MATRIKULASI | 2013/2014 | KOLEJ MATRIKULASI NEGERI SEMBILAN

- With the SPM result, I applied the Matriculation and I ended up to Kolej Matrikulasi Negeri Sembilan. I had many bad experience during my SPM but at the end all these bad experience make me strong and realize how fragile our life can it be. And this time was the best ever. It also was just like a fast track for me to go to the degree. (PNGK/CGPA – 3.55)

DEGREE | 2014/2015 | UNIVERSITI KEBANGSAAN MALAYSIA

- I applied the degree course with my matriculation result. I had applied so many university related to my result and my main subject. Luckily, I got the UKM in Sarjanamuda Kejuruteraan Dengan Kepujian (Kejuruteraan Mikroelektronik) course. It was unexpected, I thought I never get studying in UKM. It was a great experience for me in studying as UKM student. (current PNGK/CGPA – 2.34)

Skills & Abilities

MANAGEMENT

- I can manage my time between formal and informal work. I am able to manage the crucial situation which it is sometimes challenged my patience.

COMMUNICATION

- I am a friendly person. I am be able to communicating with other people easily. The language that I used are Bahasa Malaysia and English.

LEADERSHIP

- I had encounter many problems and hardship during my time in the university. I had learned to handle many programs and I also had learned on how to handle other people that working together with us. From all of this, I had learned to become a great leader which that everyone will acknowledge my leadership.

UNIVERSITY'S EVENTS

- **SEE Nature 2014** – This program are held in Kuala Gula Bird Sanctuary, Perak. I have involved with program that related to the nature/environment. My team have created a minor program for this event. We successfully able to present it to the public of Kuala Gula.
- **Karnival Premier Za'ba 2015** – This is program that related to college events. Me and others have handle a minor program which it is flying fox de KPZ 2015. We do a lot of paper work to find the right sponsors and so on to make this event succeed.
- **Festival Belia Putrajaya 2015** - I have managed a university's event in Putrajaya. I cooperate with other members to make this event succeed. It is not about being leaders to others, but it is how we can work together as a team to make this event/work successfully.
- **Engineering Festival 2016** - I am also take part in this events to promote our courses to the public. We make a speech/debate event which related to the engineering. From all this event, I somehow knew how to be a leader which everyone will be happy for it.
- **Eksplorasi Elektrik & Elektronik 2016** - We deliver our presentation in engineering style. We are needed to creating a robot which related to our engineering courses. We are all work hard to make a robot that can attract other people to be interested with engineering. We had fun together and able to achieve it.

OTHER SKILLS

PSPICE	• EXCELLENT
MATHLAB	• INTERMEDIATE
AUTOCAD	• INTERMEDIATE
123D DESIGN	• EXCELLENT

Experience

TEACHER | ILMAN TUITION CENTRE - ITC KERTEH

- I had an experience teaching the chemistry subject to other students in tuition. I communicated with the students and teach them about the subject. It is such a big experience for me which I never teach other people about knowledge before. The duration I were working are about in 2 month.
