#### 1. BASIS OF PREPARATION

The interim financial statements are unaudited and have been prepared in compliance with FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial report should be read in conjunction with the Group's financial statement for the year ended 31 December 2005. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2005.

#### 2. CHANGES IN ACCOUNTING POLICIES

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2005 except for the adoption of the following new/revised Financial Reporting Standards ("FRS") effective for the financial period beginning 1 January 2006:

- FRS 2 Share-based Payment
- FRS 3 Business Combination
- FRS 101 Presentation of Financial Statements
- FRS 102 Inventories
- FRS 108 Accounting Policies, Changes in Estimates and Errors
- FRS 110 Events after the Balance Sheet Date
- FRS 116 Property, Plant and Equipment
- FRS 127 Consolidated and Separate Financial Statements
- FRS 132 Financial Instruments: Disclosure and Presentation
- FRS 133 Earnings Per Share
- FRS 136 Impairment of Assets

New/revised FRSs which would be adopted from the financial period beginning 1 January 2007 are:

- FRS 117 Leases
- FRS 124 Related Party Disclosure
- FRS 139 Financial Instruments: Recognition and Measurement

The adoption of all FRSs mentioned above does not have significant financial impact on the Group. The principal effects of the changes in accounting policies resulting from the adoption of the new/revised FRSs are discussed below:

(Incorporated in Malaysia)

#### FRS 2: Share-based Payment

This FRS requires an entity to recognize share-based payment transactions in its financial statements, including transactions with employees or other parties to be settled in cash, others, or equity instruments of the entity.

The company operates an equity-settled, share-based compensation plan for the employees of the Group, the Far East Holdings Berhad Employees' Share Option Scheme ("ESOS"). Prior to 1 January 2006, no compensation expense relating to share options is recognized in the profit or loss over the vesting periods of the grants with a corresponding increase in equity.

The total amount to be recognized as compensation expense is determined by reference to the fair value of the share options at the date of the grant and the number of share options to be vested by vesting date.

Under the transitional provisions of FRS 2, this FRS must be applied to share options that were granted after 31 December 2004 and had not yet vested on 1 January 2006. The application is retrospective and accordingly, the comparative amounts as at 31 December 2005 are restated and the opening balance of retained earnings as at 1 January 2006 has been adjusted. The financial impact to the Group arising from this change in accounting policy is as follows:

|   | As at 1.1.2006 |
|---|----------------|
|   | (RM'000)       |
| Decrease in retained earnings   | (28)           |
| Increase in equity compensation reserve (included within other reserve) | 28             |

(Incorporated in Malaysia)

#### FRS 101: Presentation of Financial Statements

The adoption of the revised FRS 101 has affected the presentation of minority interest, share of net after-tax results of associates and other disclosures. In the consolidated balance sheet, minority interests are now presented within the total equity. In the consolidated income statement, minority interests are presented as an allocation of the total profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity. FRS 101 also requires, on the face of the statement of changes in equity, total recognized income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest.

The current period's presentation of the Group's financial statements is based on the revised requirements of FRS 101, with the comparatives resulted to conform with the current period's presentation.

#### Change in accounting policy for the breeding stock

Breeding stocks are stated at the lower of cost and net realizable value. Previously, the natural increase/decrease resulting from the valuation of breeding stocks at current net selling value is transferred to capital reserve. Effective 1 January 2006, the natural increase/decrease resulting from the valuation of breeding stocks at current net selling value is transferred to the profit and loss. The effect of the changes in this accounting policy has been applied prospectively. The financial impact to the Group arising from this change in accounting policy is as follows:

As at 1.1.2006
